*Learn How To
Survive a Disaster*

This year alone, historic flooding, wildfires, smoke, and extreme heat has claimed the lives of many Americans and, more broadly, threatened the lives and livelihoods of people across our Nation. We also have had to face personal emergencies at a moment's notice, whether it was prolonged power outages or a health emergency that puts a loved one in the hospital. Climate changes are making many of these challenges more ferocious, frequent, and costly.

If you haven't taken the time to think about how different disasters could effect you, then we challenge you to take the necessary steps to become informed and develop a family plan for such events. Preparing for such disasters and emergencies could very well **SAVE YOUR AND SOMEONE ELSE'S LIFE!**
